# 1 Nieuwe account maken bij Autodesk student of inloggen bestaande account

Indien je nog geen account hebt zal je nog een account moeten aanmaken bij Autodesk. Wanneer je reeds AutoCad eens geïnstalleerd hebt kan je uiteraard jouw bestaande account gebruiken.

Stappenplan om een account te maken:

## 1. Ga naar de website:

<https://www.autodesk.com/education/edu-software/overview?sorting=featured&page=1>

**2. Klik op SIGN IN. Daar zal je de keuze kunnen maken om in te loggen via jouw bestaande account of een nieuwe te maken via CREATE ACCOUNT.**

The screenshot shows the Autodesk Education website. At the top, there is a navigation bar with the Autodesk logo, 'FREE TRIALS', 'PRODUCTS', a search bar, and a 'SIGN IN' button highlighted with a red box. Below the navigation bar, there is a blue banner with the text 'Autodesk product options for remote learning. Learn more.' The main content area features the heading 'Unlock educational access to Autodesk products' and a sub-heading 'Students and educators can get free one-year educational access to Autodesk products and services, renewable as long as you remain eligible. Confirm your eligibility now.' Below this, there are two buttons: 'GET STARTED' and 'How it works (3:08 min.)', with the latter highlighted in red. At the bottom, there is a search bar and filters for 'Installation type' (Individual, Class/Lab), 'Platform' (Windows, macOS, Linux, iOS, Android), and 'Sort by' (Featured).

Wanneer je op "How it works" klikt zal je een video kunnen volgen die alles uitlegt hoe je kan registreren. Opgelet deze video is in het Engels.

Wanneer je nog geen bestaande account hebt kan je hier op "CREATE ACCOUNT" klikken. Indien je reeds een bestaande account hebt zal je gewoon kunnen inloggen.
